AND CLEAN LOOK**

The HomeGlide stairlift range delivers a solution for all straight staircase requirements and budgets. The HomeGlide, HomeGlide Extra and HomeGlide Outdoor are fitted onto your staircase and not your wall. This allows the lift to be installed quickly, easily and with minimal disruption to your home.

BB

I just love my HomeGlide stairlift!
I had real difficulties climbing the
stairs, but now I just sit in comfort on
the stairlift, no more problems."

1 IT'S ALL ABOUT YOU

The thick and luxurious padding ensures a firm and comfortable seat. The sisal colour of the upholstery is a neutral tone which will fit in every household. The upholstery is also fire retardant, liquid repellent and easy to clean. The HomeGlide is operated with an easy to use joystick which can also be removed to prevent unauthorised usage.

It is designed to glide effortlessly along an aluminium track, providing an attractive, elegant and discreet addition to your home. Built using the latest technology, the HomeGlide stairlift range can be fitted to almost all straight staircases as narrow as 740mm.

2 COMPACT AND DISCREET

04

The HomeGlide's design is simple, sturdy and above all satisfies your accessibility requirements. Remote control handsets allow the HomeGlide to park at either the top or bottom of the staircase, wherever is the most convenient for you. When not in use the HomeGlide is folded away to only 380mm on any landing, out of the way of any other staircase users.

3 SAFETY

Your safety is of paramount importance to us. The HomeGlide stairlift is certified to machine directive 2006/42/EG and BS EN 81-40. During travel the retractable seat belt will keep you secure on the stairlift. If the lift encounters an obstacle it will safely come to a stop as a result of special safety edges on the drive unit. The stairlift is battery operated, which means you can still use it during a power cut.
